6.0 STEPS

YMCA WA People are required to report any instance or suspected instances of abuse or neglect (cases in which a child or young person has suffered, or is likely to suffer, harm from abuse or neglect) **immediately**, or if that is not possible, no later than before ending that person's shift or session of work with the YMCA WA. It is important to note that should the child or young person be at risk of imminent harm YMCA WA People will contact the relevant authorities directly. The definitions of abuse and neglect can be found in the Safeguarding Children and Young People Policy.

6.1 REPORTING PROCEDURES FOR ALLEGED ABUSE OF A CHILD OR YOUNG PERSON AT HOME OR OTHER PLACE

YMCA WA People are required to work with their direct supervisor or manager during the consultation process to bring together all necessary information to determine if on reasonable grounds a formal report in relation to abuse or suspected abuse should be made.

YMCA WA People will be given time to make the report to the Department of Child Protection and Family Support. All documentation used during this reporting process will be filed and stored in a confidential manner at the program or service facility. This documentation is not to be given to any other party unless specified by the Children and Community Services Act 2004.

6.1.1 PROCESS IN ACCORDANCE WITH CHILDREN & COMMUNITY SERVICES ACT 2004

STEP 1- Consult

If YMCA WA People working at a service or program is concerned that a child or young person may have been, has been, or is being, maltreated they should advise the person in charge, or a senior staff member, as soon as possible, who will notify the manager.

STEP 2- Record

A written record of observations and any statements made by the child or young person should be kept. Record details such as-

- names in full of the people involved e.g. person who raised the concern
- the people you have reported the concern to,
- names of the children or young person concerned, dates and times, factual and objective information about what was seen, what has been said, and what has happened.

These observations should then be recorded on the YMCA WA's "SCYP Incident Record Form for suspected abuse or neglect" and must be treated as highly confidential.

General discussions about the matter should not occur. This information could be required at a later stage should legal action arise.

STEP 3 - Report

The senior person of the YMCA WA Centre, Facility or Program should report concerns or emerging concerns to the YMCA WA Child Protection Officer or Deputy Child Protection Officer who will advise on the matter and coordinate the matter being reported and submitted to the Department of Child Protection & Family Support.

The Department of Child Protection will decide what response would be in the best interest of the parties involved.

IMPORTANT NOTES:

Your role

YMCA WA People must document concerns that have been observed or disclosed and only after the matter has been discussed with the Department of Child Protection & Family Support, discuss concerns with the parents in relation to the appropriate action. In some cases the Department of Child Protection and Family Support may direct you to discuss the concerns with the parents. In other cases it may be decided that to inform the parents at an early stage may put children or young people at risk. It is the responsibility of the Department of Child Protection and Family Support, the Police and any other regulatory authorities to conduct any formal investigation that may be required.

Interviewing the Child or Young Person

The Department of Child Protection and Family Support staff have authority under the Child Welfare Act 1947 to interview or examine a child or young person at any YMCA

WA facility or take the child somewhere else to conduct an interview. The decision about where and when to hold the interview is made while considering the best interests of the child or young person. If either of these situations occurs it is the role of the department to inform parents of the action. It is imperative that the identification of anyone claiming to be from the Department of Child Protection & Family Support is established before allowing any child or young person to be interviewed.

The Department of Child Protection and Family Support has a policy of not revealing the identity of the person notifying suspected cases of maltreatment. However, in some cases, due to the nature of the information, it is not possible to prevent the family or alleged offender from guessing the source of the notification.

The Department of Child Protection and Family Support may refer the matter to the Police at their discretion.

Disclosing information to families

The information disclosure process will begin as soon as reasonably possible and will be in accordance with any guidance given by the Police and Department of Child Protection and Family Services. The process will be adapted to accommodate the parties' needs and the requirements of any external review or investigation process. Where Police and/or Department of Child Protection and Family Support are involved, they will be provided with information about the incident to assist them in their investigations. The decision to disclose information will consider:

- whether the ongoing safety of those involved in or impacted by the incident is compromised by the disclosure or non-disclosure of information
- the advice of Police and Department of Child Protection and Family Services
- the rights of those impacted by the incident to privacy, confidentiality and a presumption of innocence in accordance with organisational policies
- the need of those potentially impacted by the incident

Protection from Liability

The Child Welfare Act 1947 section 146C (3) provides protection to “persons who on reasonable grounds and in good faith for the purposes of facilitating the enforcement of this Act makes a report with respect the circumstances of a child”.

This section of the Act protects a person who makes a report to the department, with the best interests of the child in mind, from legal action being taken against them. This is the safeguard of “qualified privilege”.

The protection of qualified privilege will not cover general discussions for example conversations with other parents or other persons in the general community.

6.2 REPORTING PROCEDURES FOR ALLEGED ABUSE OF A CHILD OR YOUNG PERSON BY YMCA WA PEOPLE

In the event an allegation of abuse is made against YMCA WA People potentially this may constitute a serious breach of YMCA WA's Safeguarding Children and Young People Policy and process, Code of Conduct and possibly the law.

- to disregard factors such as the authority or position of the persons involved and any pre-existing views about the good character, or otherwise, of any person involved or under investigation.

The Department of Child Protection and Family Support shall be contacted within 24 hours of the alleged incident by the Child Protection Officer.

In licenced programs such as Out of School Hours Care, Early Learning Centre's and Family Day Care the Department of Local Government and Communities' Education and Care Regulatory Unit must also be notified within one working day.

Written reports are also to be provided to these agencies following on from the initial contact being made.

All YMCA WA People shall be fully supported and be encouraged to access the Employee Assistance Program providers for professional support and debriefing

Reinstatement to regular duties may only occur after any and all allegations against that person have been dismissed or cleared to the satisfaction of the CEO of the YMCA WA and any external agencies such as the police, the Department of Child Protection and Family Support or the Education and Care Regulatory Unit.

Support Needs of Those Involved

YMCA WA People will assist in addressing the support needs of those impacted by the allegation including:

- the child and their family
- the person against whom the complaint is made by, for example, offering professional counselling
- other personnel impacted by the allegations

Documentation

As part of our procedure for responding to reports or allegations of child abuse, we have developed an Incident Report form for Suspected Abuse, which is to be used by any of our people to document any allegation, disclosure, incident or concern regarding child abuse. In situations where our personnel become aware of abuse whether through observation of potential indicators, such as bruises or cuts, or by directly observing potentially abusive behaviour towards a child or young person, they are required to use our Incident Report form for Suspected Abuse to record their observations and concerns as accurately as possible.

Our Child Protection Officer will oversee creation of a registry to contain the completed Incident forms and any other documentation relating to the allegation and subsequent action.

So as to prevent access by unauthorised persons, our organisation stores any documentation associated with an allegation of abuse or neglect of a child or young person by having:

- hard-copy documentation stored in a locked filing cabinet (or similar)
- electronic documentation stored in a password-protected folder (or similar).

We maintain and regularly monitor records of child abuse reports to ensure that they are responded to effectively in accordance with this policy and that requirements for reporting to external authorities are complied with.

6.3 CONSEQUENCES OF BREACHING POLICY

If YMCA WA People fail to report instances, allegations, disclosures or concerns in relation to abuse or neglect of a child or young person within the prescribed timeframes, using the prescribed methods– this will be viewed as a failure of Duty of Care and as such a serious matter. Depending on circumstances, this may result in disciplinary action and or grounds for termination of employment.

Our policy prohibits all YMCA WA People from:

- discussing any matter concerning an allegation with unauthorised personnel – inside or outside our organisation – such prohibition not being designed to limit, in any way, their rights to legal representation and responsibilities to report their concerns or allegations, but rather as part of our organisation’s commitment to ensuring privacy, confidentiality and natural justice
- making deliberately false, misleading or vexatious allegations.

YMCA WA People are obliged to raise any concerns they might have in relation to:

- YMCA WA policy documents in relation to safeguarding children and young people – including our ‘Practice and Behavior Guidelines’ and this procedure
- actions of others within the organisation that contravene policies, or that
- may otherwise have the potential to harm a child or young person.
