Overview

Youth Parliament is a program that empowers young people, allowing them to have their voices heard in Parliament.

Meet other passionate young people

Get to know young people from all over the state. Camp recreation days and team building exercises connect our participants and form strong friendships that continue even after the program.

Write and debate your own Bill in Parliament House

Work with your committee to write legislation about what you're passionate about. During camp, you'll have the opportunity to debate for your Bill in the parliamentary chamber as well as vote to pass legislation.

Meet your local member of parliament

Talk with your local member of parliament about issues in your area and represent the electorate in parliament throughout the week.

You may even have the opportunity to appear in articles and media opportunities with them!

Costs Information

Program Costs

In 2021, the cost of the program is \$\$478.00 (including \$47.80 GST).

This fee covers accommodation, meals, transport, activities and materials during the program. We offer payment plans and flexible arrangements to suit individual needs.

Participants are also given extensive support to source sponsorship and scholarships to participate in the program.

Sponsorship

There are number of ways that participants can get help with the costs of Youth Parliament.

This includes:

- sponsorship from schools/universities
- donations from Members of Parliament
- scholarships and grants available
- specific financial support for regional and remote participants

More information on this will be provided on acceptance into the program.

Who runs the program?

Youth Parliament is run by the YMCA WA. YMCAs run Youth Parliament for multiples states across Australia and have done so for more than 30 years—so you are in safe hands! The YMCA appoints a Taskforce to handle the planning, organisation and running of Youth Parliament.

Taskforce members are there to help you with all aspects of the program, from writing your bill, to seeking sponsorship to delivering your speeches in Parliament.

Youth Parliament is a program to learn new skills, and Taskforce is there to guide you through the process.

The Taskforce is made up of 17 to 25 year old volunteers who have participated in the program before and wish to ensure that Youth Parliament is a youth-led event—run by young people, for young people.

All Taskforce members have a Working with Children check and receiving training in areas which include:

- First Aid
- Mental Health First Aid
- LGBTQ+ inclusivity
- Safeguarding children
- Parliamentary processes
